

NOVOSIBIRSK STATE PEDAGOGICAL UNIVERSITY

GERASYOV
Aleksei Dmitrievich

Rector of Novosibirsk
State Pedagogical University,
Doctor of Biological Sciences,
Professor.

Dear colleagues,

I am glad to welcome you on behalf of Novosibirsk State Pedagogical University

Teaching education in Russia has a long and well-established tradition. The modern world with its changing demands puts special stress on the role of an educator in it. Our university offers up-to-date programs in professional teaching education and combines tradition with innovation.

Admission to NSPU is the beginning of a long path to a successful career. The thirteen institutes and faculties of the university offer a range of Bachelor's, Master's, and Specialist's degrees, as well as post-graduate programs and enrichment programs. The university today has around 13 000 students, over 800 highly qualified professorial staff and more than 100 international partners.

The university holds research in high priority: the students and staff engage in fundamental and applied research projects, the university supports 13 academic schools, and the current project is developing joint research projects in education, psychology, linguistics, history, biology, math, chemistry, physics, etc. Our students have opportunities to take part in scientific and scholar research at specialized educational centers and laboratories.

Nowadays NSPU is a leading teacher training university in Russia that provides high-quality education for intending teachers.

We are looking forward to international cooperation and welcome you to NSPU.

PRIMARY AREAS OF FOCUS

Continuous professional education for intending teachers

Fundamental research

Scientific and methodological support of the educational system

Training administrative staff for the educational system

NSPU'S APPROACH TO EDUCATION

Integrating education
and research

New technologies
and modern educational
